Letter from the Director

Dear Campers,

Welcome to Summer 2022! I'm delighted to have you join INTO PREP at the University of Pennsylvania for a summer that will change your life. Thank you for trusting us to provide you with the best SAT/ACT preparation.

Get ready: INTO PREP equips students with the confidence, knowledge, and skills they need to perform well on the SAT and ACT exams. We take pride in our rigorous curriculum, highly-experienced professional teaching staff, and state-of-the-art technology.

Curious about college life? We operate our Summer Residential Camp at the prestigious University of Pennsylvania, where students can explore what it's like to live in a dorm, navigate myriad dining options, and find the right balance between study time and down time.

But don't expect a lot of free time - we know our success is based on our students' success, so we developed a highly structured program that builds students' "academic muscles" and prepares them not just for the test, but also for the math and English classes they will take in high school and college beyond.

You will leave camp feeling so proud and so good about yourself and your ability to conquer the test. Consider this: last summer (2021), over 40% of our students scored over 1500 or higher. I can't wait to see your end-of-summer scores!

Here's the best summer ever!

kindest Regards,

Alison Koo

Director, INTO PREP

Policies

Mandatory Attendance

Students must attend all classes. Only two excused absences are permitted.

Homework

Three types of Homework:

- Offline homework
- Online homework: Students must submit online homework (due by 11:59 PM on the day before class) through INTO-Web. Students are expected to complete 80% of the homework with a score that is at least 50 points higher than the cutoff score of the class level that the Student placed into.
- Wrong Answer review: Students must review the problems they missed and complete individual analysis of missed questions in their Wrong Answer Notebook, which is provided by INTO PREP.

Score Guarantee

INTO PREP guarantees a 270-point increase or a minimum score of 1500 on the SAT, whichever is lower, or a 6-point increase or a minimum score of 33 on the ACT, whichever is lower. The starting score will be determined by either the placement score or the official 2021 PSAT score, whichever is lower.

To secure this score guarantee, the student must do the following:

- Attendance: Attend all classes (2 excused absences permitted)
- Homework: Complete all homework assignments, with 80% of assignments completed at a score that is 50 points higher than the cut-off score of the class level.
- Immediacy: Register and take the August SAT exam

If the guaranteed score or point increase is not achieved, then the student will be offered extra classes tuition-free until the next College Board exam (October, November, or December test of the same year).

Testimonials

Jessica H.

“Into Prep is the best SAT camp out there! I had such a wonderful experience as a student here and it’s become a second home for me. The teachers and staff are all very sweet and friendly, and the education is very tailored and individualized. If you are looking for an SAT camp for your child, I highly recommend Into Prep!!”

Sophia L.

“I’ve been going here for over 5 years and it’s been a great help! The SAT camp is grueling but totally made the actual thing feel easy in comparison. Ms. Alison reminds me of my mother-- in a good, super-mom way, and her pressure really helped me get a 1600!”

Pedro S.

INTO Prep was definitely the key that opened the door of my dreams. I live in Ecuador, South America, and I speak Spanish. From a very young age, my dream was to study in one of the best Universities in the United States. My only obstacle was my SAT.

The directors of IntoPrep, Mr. and Mrs. Koo, were incredibly supportive, they were there to support me with advice, academic reinforcements, and even being the family that was absent due to the distance between the center and my country.

Inspiring is the word I want to use to describe teachers in IntoPrep. Those brilliant minds who graduated from the best universities in the world (Harvard, Columbia, Carnegie Mellon, etc) were as humble as they were interesting. They became my mentors and they are still my friends.

Despite my gaps in mathematics and language, the professors knew how to teach me from the most basic so that in the exam I got to be in the top 1%. Something I did not expect and actually happened.

As if that were not enough, I improved my English level in an incredible way, without getting any preparation or book, I got a 105 TOEFL score just for the number of discussions in which I participated in class. I was exposed to another kind of culture and made friends from all over the world. Finally, what everyone was waiting for in this review, yes, I upgraded my SAT score, much more than I expected, I improved my score by more than 300 points.

The outcome of this story is simple, thanks to the full support of Into Prep and my dedication now I fulfilled my dream. I got accepted in 2 out of the 3 Ivy League universities that I applied to and I got accepted in 5 of the 20 best universities in the United States.

IntoPrep was one of the best academic and cultural experience of my life, 1000% recommended for any international or native student.

Ethan C.

“My sister did an SAT program with Alison Koo leading it, so I was enrolled in Into Prep. The constant practice with help from experienced teachers grew my knowledge of how to approach the test, what to look for, why an answer is wrong or right, etc. As your score goes up, it gets harder to make those small adjustments. My SAT score increased over 300 points through this program, which is a lot! It is a grind, but it is worth it if you want results.”

Jacob B.

“I have worked here since 2014, and I can honestly say that this is the best test prep program in the area. Our teachers and administrative staff are extremely dedicated and have produced excellent outcomes—on this most recent August test, 61 students scored above 1500+ and 24 students scored above 1550. Your kids will be in good hands and their scores are guaranteed to improve.”
